

Financial Bursary Scheme

As a leading provider of training on the West Rand, Damelin WR is very much aware of the difficulties some learners face in financing their tuition. To this end, Damelin West Rand has set aside R100 000 per annum for learners who require financial assistance with their studies.

This R100 000 will typically take the form of a R10 000 bursary towards their studies to be awarded to ten learners. The exact amount of the bursary awarded is however at the discretion of Damelin West Rand. To qualify, learners need to have passed Grade 12, have a passion for and show aptitude for their chosen field, and come from a household where the combined gross monthly income is less than R12 000 per month.

The bursary can be used towards any full time study programme of your choice at Damelin West Rand.

The bursary is subject to the following conditions:

- The learner must have passed Grade 12
- The learner must commence his/her studies before 1 March of each year
- The bursary is only valid at the West Rand branch of Damelin
- The bursary is not transferable and cannot be exchanged for cash
- It cannot be used in conjunction with any other special offers or discounts eg. early bird pricing
- If enrolling for a 2 year programme, there is no guarantee that a further bursary will be available for the 2nd year of study

Please complete the following and put in a closed envelope for the attention of Jackie Snyman, Campus Manager (all information will be kept in the strictest of confidence and will only be viewed by Management). You will be contacted for an interview if your application is short-listed.

The following documents need to be attached:

- Proof of Grade 12 pass
- Proof of both parents'/guardian's income (copy of most recent payslip)
